The examiner discussed the following issues with Justine Wilbur on 2/13/08 but no resolution was reached. Hence this Office Action is made non-final.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Each of the following applies in all occurrences.

In claim 1 line 1 "aqueous" may be intended before "solution" where it is unclear how the water content relates to the capsule filling. Claim 1 requires inorganic chloride but no amount, proportion or amount is seen in claim 1 rendering the claim indefinite. Claim 5 includes this limitation. In claim 11 "on the basis of the base material" is not understood in context and lacks antecedent basis.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ralph Gitomer whose telephone number is (571) 272-0916. The examiner can normally be reached on Monday - Friday.
